

Disarm: The Complete Novel

Twenty-six-year-old Elsie Sherman has had a crush on her brother's best friend, Henry Logan, since she was twelve years old. Unfortunately, Henry ? now an Air Force officer ? has only ever treated her like a younger sister, stepping into her brother's shoes after he was killed in action. That is until the night when one dance ignites a sensual fire between the two, leaving Elsie aroused and confused. Is she allowed to lust after her surrogate big brother, who also happens to be her roommate? As the passion between them crosses the line into a territory that flirts with the forbidden, Elsie decides to give herself to the man she has always desired. But Elsie is not prepared for where the relationship will take her. Henry has been harboring two secrets. One can bring them closer together. The other will tear them apart. Now, with each startling new revelation, Elsie realizes that only she can decide if the past can ever be forgiven ? and if a future with Henry is worth fighting for. Scorching hotfast [and furious.
